

Flush Clip Item No. 761.XX

Solid brass with choice of plated finishes.

See pgs B.2.2 - B.2.7 for coordinating hardware for support at side or front of counter.

Note: 60"(1524) maximum counter width for use with flush clips.

NOTE: Glass is notched at factory to allow flush contact to back wall. Position of clips are not adjustable. Install blocking behind wall finish for secure installation. Shop drawings will be provided for approval.
