

Color & Finish Guide for Items: 300, 350, 400, 450, 370

Choose a combination of Glass Color and Glass Finish for this item using the table below.

Countersinks to be installed directly onto a vanity require a dark color or dense finish. Bronze, Grey, Black, Cobalt and Blue glass colors may be used in this application in a polished finish. For all other colors use a Satin Etched, Mirror, White Lami, Pearl or Chalk finish. Please contact the Factory for additional support or possibilities for custom combinations.
